## **The SF Bay AEP**

Invites you to come out and meet your fellow environmental professionals at the only **pop-up** restaurant in San Francisco, **EAT**. This concept restaurant arrives at some of the most intriguing venues in the city and is a reflection of everything

**San Francisco.**

AEP knows it's been a hard year for everyone, and we think its time to come together and have some **FUN** and get to know one another **better**. Bring a friend, colleague or someone you would like to have a drink with, we would love to see you.

We want to buy you **TWO drinks** one for you and one for your buddy or both for you.

**But** you must be a AEP **member or be with a member** and

you must **RSVP** to the event on our website

<http://www.sfbayaep.org/jun162010rsvp.php>

so we know what and who to expect.

We would also really like to hear from you regarding what you want from your AEP, what **programs** you are interested in, how we could **better serve you**, and anything else you would like to discuss (the weather, the surf, the SB375 guidelines.....)

With delicious Californian fusion dishes made with local and sustainable produce, cocktails made by local mixologists, and music that is everything **BUT** top 40s, EAT is cosmopolitan in every sense of the word, and so is

**The Association of Environmental Professionals**
