

**EXPANDING FIRM HAS (5) FIVE OPPORTUNITIES AVAILABLE
EXPERIENCED CEQA/NEPA PROJECT MANAGERS AND
ENVIRONMENTAL PLANNERS / SCIENTISTS
SAN FRANCISCO, CALIFORNIA**

Sequence is currently seeking exceptional Staff & Senior Level Environmental Scientists / CEQA Project Specialists to provide leadership guidance on a portfolio of energy, transportation, water and land development related projects in California.

The ideal individuals should have at least 5+ years experience working at the Staff or Senior Level Management level overseeing and managing CEQA / NEPA compliance and permitting projects related to renewable energy (wind, geothermal, and transmission lines), water and infrastructure development. Candidates must have previous experience in leading a portfolio of projects with scopes of work in excess of \$1,000,000+, managing multi-disciplinary personnel, developing proposals, scopes of work, conducting business development and client relationship activities as needed.

Must have a strong technical environmental background in one area of expertise; and possess the abilities to mentor, motivate and lead project staff and technical experts in a wide variety of activities on a daily basis.

Position requires a degree in Environmental Science, Biology, Planning or related discipline. Excellent verbal and written communication abilities and desire to work on challenging and diverse regulatory compliance, mitigation monitoring and permitting projects.

Position is based on the San Francisco Peninsula and offers excellent compensation and benefits package to highly qualified individuals.
