

## Environmental Planner/Landscape Architect

Anchor QEA, an environmental science and engineering consulting firm, is seeking a full-time **MID- TO SENIOR-LEVEL ENVIRONMENTAL PLANNER/LANDSCAPE ARCHITECT** in its **Mission Viejo, California** or **San Francisco, California** office.

Candidates will have a minimum of 3 to 5 years of experience preparing CEQA and NEPA documentation for public or private institutions. Additional experience including, but not limited to, water quality permits, Section 404 permits, California Coastal Act regulations, Streambed Alteration Agreements, and/or Endangered Species Act requirements is desired. Strong experience with stream, wetland, and shoreline restoration and/or mitigation is also desired. Candidates will have experience preparing conceptual, schematic, and construction drawings; written project reports; construction specifications; presentations; and construction cost estimates as well as experience managing colleagues, budgets, and clients. Candidates will have a BLA or MLA degree, high-quality hand and/or digital rendering ability, AutoCAD proficiency, and excellent written and verbal communication skills. Landscape architect registration in California or other state is preferred but not required.

Responsibilities for the position also include assisting with stream and wetland delineations, ratings, and functional assessments; conducting wetland mitigation monitoring and preparing subsequent monitoring reports; conducting construction site inspections related to environmental permit compliance; and assisting with fish, wildlife, and botanical field surveys. Successful candidates will have extensive knowledge of California plant communities/species and will be able to work long hours outdoors in inclement weather. This position may also require some travel.

Anchor QEA employs 220 highly motivated people in offices across the country. Our staff is our most valuable resource, and we are committed to fostering a work environment that is conducive to the personal and professional growth of each employee. This growth is accomplished through a company philosophy that combines teamwork, open communication, shared benefits, shared opportunities, and job sculpting. Anchor QEA and its staff strive to contribute to a friendly, supportive, and fun work environment.
