Our training, mentoring and professional development programs are designed to support employees in achieving their career goals. If you are looking to shape your future and our world, we want you at HDR!

Title: Transportation Environmental Project Manager

Location: Walnut Creek, CA

Req Number: 100294

Description: HDR is in search of a dynamic environmental professional to help continue the development and expansion of our Northern CA transportation environmental practice. The primary responsibility of the Transportation Environmental Project Manager is to work with clients, resource agencies, environmental and technical staff to prepare CEQA and NEPA environmental documents and supporting technical studies for large transportation and related projects. Oversee all aspects of projects including client contact, budget control, invoicing, schedule, personnel allocation/planning, public interest facilitation, technical approach, and subcontractor involvement. Perform final review of all documents, reports, presentation, technical memorandums, and other work products with a focus on transportation regulatory compliance and technical adequacy. This position will also support transportation marketing efforts. Keywords: CEQA, NEPA, ESA, Section 106

Requirements: Bachelors degree in environmental science/engineering or related field. Masters degree preferred. 10+ years of experience in complex transportation related projects. Demonstrated knowledge of the NEPA/CEQA process. Experience managing large, complex EIS documents for transportation projects. Proficient with MS Office. Self starter with excellent writing and communication skills. Strong conceptual, organizational, problem solving and research abilities. Ability to work independently and as part of a team. Staff management experience beneficial.

This position may be subject to a pre-employment drug test and drug and alcohol testing during the course of your employment based upon HDR's Drug Testing and Drug Free Workplace Policy.
